## Contactless Debit & Credit Cards are Now Available!

We are rolling out our new contactless debit and credit cards today which include the latest Tap-to-Pay technology.

- New accounts opened Dec.16th or later will receive contactless cards.
- Existing account holders will receive their new contactless cards when their current cards expire.
- If you wish to receive contactless cards *before* your current card expires, there is a \$7 replacement charge per card.

When you receive your new contactless card(s)

- Sign the back of your card.
- Call the phone number to activate your card and set your PIN.
- You can add your new cards to your digital wallet and payment apps to make payments a snap!

### To Make A Payment with a Contactless Card

1. LOOK for the Contactless Symbol at the checkout
2. TAP your card to the checkout device and hold steady
3. Your transaction is complete in seconds!

Contactless cards are a secure and convenient way to pay for all your purchases and we are happy to bring our members this new technology as part of our ongoing mission to serve you!

## Member Highlight INDOCHINE FAMILY RESTAURANT

Tony Pham, a longtime member of American Southwest Credit Union, has a lot to be proud of. He is the owner of Indochine Family Restaurant, a favorite in the Sierra Vista Area.

*Thanks* Indochine!  
We value your membership and your food  
is fantastic too!

**INDOCHINE**

FAMILY RESTAURANT

1299 E. Fry Blvd.  
Sierra Vista

A little bit about Tony? He's driven! In just a few short years he has accomplished so much! He came to the United States in December of 2006 and decided to attend Le Cordon Blue School for Culinary Arts, which is one of the top culinary programs in the United States. He graduated from Le Cordon Blue in 2010 and moved back to Sierra Vista, and worked for restaurants in town. His last position before opening his own restaurant was Executive Chef at Mountain View Gardens. Tony opened Indochine in June 2012, just 6 years after arriving in the United States, with the goal of introducing Vietnamese Cuisine to the Sierra Vista area and sharing his culinary talents. And what a fantastic addition his restaurant is to our community. One of the many things that sets his restaurant apart is that the food is *always* fresh. From Beef Burgundy, to Grilled Lemongrass Chicken, to Braised Pork Belly, to Indochine Shaking Beef, each ingredient is always top notch. The menu is diverse and includes beef, chicken, shrimp, fish, soups, salads, appetizers, and vegetarian/vegan options as well as a kid's menu and dessert options. Ratings on Google and Social Media are 4.5-5.0 stars and the restaurant has many loyal patrons.

Tony is also an avid gardener and grows many of the greens and herbs used in his restaurant. (No wonder everything is so fresh!) Often Tony or his family members personally greet patrons at the restaurant to make sure everyone has a good experience. He is very involved in the Sierra Vista community and treats everyone like family. He believes that without the support and help from everyone in the community, his restaurant and family would not be where they are today.

Indochine is located at 1299 E. Fry Blvd. in Sierra Vista. They are available for Dine-In, (walk-ins or reservations), Take-Out and Delivery

## MEMBER HIGHLIGHT: The Brodericks TeeSign Design LLC

Jill and James Broderick started their business in the Fall of 2009. After building their home in Sierra Vista, they decided full time retirement was not for them.

Jill says "We are both entrepreneurs. My husband was interested in art and creating. My background was more in customer service and sales. After much thought, we decided on the promotional products business because we are especially interested in helping businesses, organizations, and schools promote themselves and grow."

At first, they started with apparel, such as hats, shirts, and jackets with logos and designs personalized on the articles. They provide screen printing and embroidered designs on all types of garments. Later, they expanded to offer a very wide variety of promotional products, such as pens, calendars, sticky notes, and thousands of other options. "We love working with customers to help figure out what items can best promote their businesses."

Jill is active in the Sierra Vista Area Chamber of Commerce and serves as an Ambassador for the Chamber to help them accomplish all the great things they do for our community. When Jill and James are not working they love exploring the great outdoors in their side by side. Their beloved rescue dog, Fancy is always a fun addition to their adventures.
